

## BOOST YOUR BUSINESS BY TRAINING WITH WORKSEED

Easy-to-use software for companies to improve onboarding,  
training and certification management

### WHAT CONVINCED OUR CUSTOMER?

# FLOWROX

Proven Performance

Flowrox specializes in flow and process control, filtration, environmental technologies and industrial automation solutions. Originating from Finland, Flowrox has subsidiaries in Australia, Chile, China, Germany, Peru, South Africa, Russia, Sweden and the United States as well as more than 230 sales representatives in 80 countries.

"Workseed helped us to clarify our company's core competences and made them visible, easily to be followed and improved"  
- Samuli Henttu, Manager, Business Tools

"Workseed saves time as it sends reminders to employees and partners about the courses to be accomplished. Workseed permits creating new goal-directed online courses by utilizing already existing materials"  
- Marika Spencer, Training Coordinator

### SECURE DATA MANAGEMENT

- Improves organisations legal and information protection
- Automated integration to IT-services (as Azure AD, Office 365)
- All data stored within the EU - system is compliant with GDPR and WCAG regulations
